LAS VEGASITES BOOST

Delamar-L. V. Werthelmer, C. D. Geordage, Abrame Guisti. Fay—Milton Dameron, Ernest Keats

"I note with with a good deal of pleasure," said Mr Fa mon, " that the citizens of Pioche have at last become aroused to the importanc of laving a commercial club. In Las Vegas we have what we call a promotion society and it has done, as you doubtless have observed, a great amount of good for Las Vegas and Clark county. We all pull together down there; we have no knock the Salt Lake & Ot I'm railroad and moved to the Lagoon resort near Farmington, Utah, there to be utilized in supplying power for the operation of the electric trains of the foregoing named road between Salt Lake and Ogden. Some of the supplies and possibly some of the mine equipment, will be brought to Ploche.

Mr. Falkner believes the company has assets sufficient to meet all of the obligations which aggregate close gether down there; we have no knock its obligations which aggregate close ers in the town-everybody boosts.

"I understand in the past that you of the community. That is where we stay of the town of Delamar and now Clark county people had the best of that it is out of commission there is you when the matter of county division came up and you notice that we

called for jury duty during the Septin Pioche that we had in Las Vegas, pect to move out just as soon as they tember term of the Fourth District at the time, it certainly would not can arrange their affairs so that they have been as easy for us:

"We have recently organized Las Vegas what we call the Citizens' Sewerage committee and we propose to improve the sanitary conditions of the municipality by the construction of a sewerage system. Data relative to the cost etc., is now being obtained and by the beginning of the year we have to have averable in the cost etc. hope to have everything in shape to vote bonds to make this important improvement. It is planned to pro-Mathews, Dan Mathews, Hyrum Rice, as we can figure now, the expense will be somewhere between \$25,000 and \$30,000. The sewers will not be laid in the streets as is done in many cities, but the alleys will be utilized so that when the streets are pav-
